Proposal to End Shelterlessness

*331. SHRI KRIPAL PARMAR:

SHRI B. J. PANDA:

Will the Minister of URBAN DEVELOPMENT AND POVERTY ALLEVIATION be pleased to state:

- (a) whether Government have a proposal to end shelterlessness by the end of Ninth Plan;
- (b) if so, the various housing schemes through which a house would be provided to every person in various States;
- (c) the progress thereof as on date. State-wise; and
- (d) the details thereof?

THE MINISTER OF URBAN DEVELOPMENT AND POVERTY ALLEVIATION (SHRI JAGMOHAN): (a) and (b) As per the projections made by the Working Group for the 9th Plan, a total of 16.76 million units would have to be constructed in the urban areas during the 9th Plan period for covering housing shortage.

The National Housing & Habitat Policy, 1998 laid on the Table of the Lok Sabha & Rajya Sabha on 29.07.1998 envisages Government's role as an enabler rather than builder. Government aims to create an enabling environment by removing the legal, regulatory, technical, and financial constraints facing the housing sectors. The State Governments are required to draw their own action plans to address the housing problems in their States.

Housing is a State subject. There is no Central Sector Scheme for provision of houses in urban areas. However, in order to facilitate construction of adequate housing facilities, particularly for EWS and LIG, Government of India has launched the 2 Million Housing Programme under which construction of 7 lakh houses in urban areas and 13 lakh in rural areas every year will be facilitated through State Government agencies on a demand-driven approach. At the present

rate of shelter delivery, it may require atleast another 15 years by which the shelter needs of the poor in all States are largely met.

(c) and (d) State-wise achievement under the 2 Million Housing Programme is given in the enclosed Statement.
